

Minutes from the October 29th, 2008 meeting of the BCHS Student Senate

2:15 We discussed the Suburban Council Leadership Conference, which was attended by 15 members of the Student Senate on Tuesday October 27, 2008.

We discussed ideas that those who attended the leadership conference returned with.

Thought of things we could do in the future:

Hosting a Powder puff football game

Making a Student Senate homeroom

Developing Awareness days (such as “paint the school pink” for breast cancer awareness)

Building class paper chains (chains for life)

Hosting a wing/pizza taste test night

Getting a photo magnet booth for snowball

Having midday announcements

Utilizing better advertising spots (hang signs around clocks, etc.)

2:30 Dr. Tebbano, Superintendent of BCSD, came to speak with us.

He discussed further student involvement in the school board, including student representation on the Policy Committee, along with the recent district wide “budget freeze.”

We discussed what would happen if we lost more resources (cuts that would be made, etc.)

2:40 Counted the ballots from the 9th Grade Special Election to fill the five open spots, and those who were elected will be announced on Thursday, October 30th.
