

Minutes from the January 14th 2009 meeting of the BCHS Student Senate

2:15 discussed plans for snowball and signed up for responsibilities.

2:23 Discussed budget forums. The School Board is holding open community budget forums to discuss what people find most important. The first meeting was on Monday, January 12th. We had three Student Senate representatives there: Maddy Magin, Sam Stern, and Gavin Tougher. We would like more to attend so that the board gets the students' opinion on where they find funding to be the most necessary.

2:30 Lindsay Lee brought up an issue the Freshman Class deals with in terms of the rules of study hall. She voiced that many people feel that study halls would be a lot more helpful if they could communicate with others to aid each other in their work.

2:35 discussed the suggestions that were left in the suggestion envelope on the senate bulletin board outside the cafeteria. Some suggestions were: Get Wutang, have more dances get new coffee cups that don't leak, and Mike is doing a great job as president and should keep up the good work.
